which is dry.
I have seen some birds and a mice wander inside

little river

some graffiti

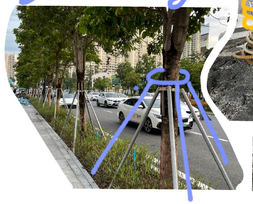
I very curious about how it will be when there is fulled of water

"Direct relationship" between citizens and animals in city

a mouse trap

grain inside

Boundary



Break the Boundry

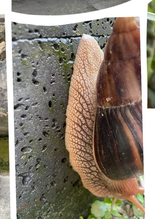
weed in the crack

Hard to pull it out. I tried !!

bottle

concrete and roots

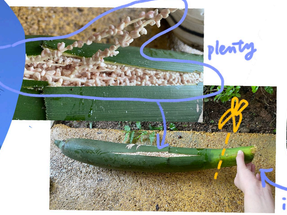
Animal I met



I found more than 10 caterpillars in a small bush.

Children play on fake grass.

PAIM



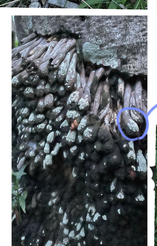
plenty

its seeds or flowers

cross section like electric wire

coconut

I also saw this kind of hypha in other tree's barks



its roots
