

DAY 1
8/29

Power !!!

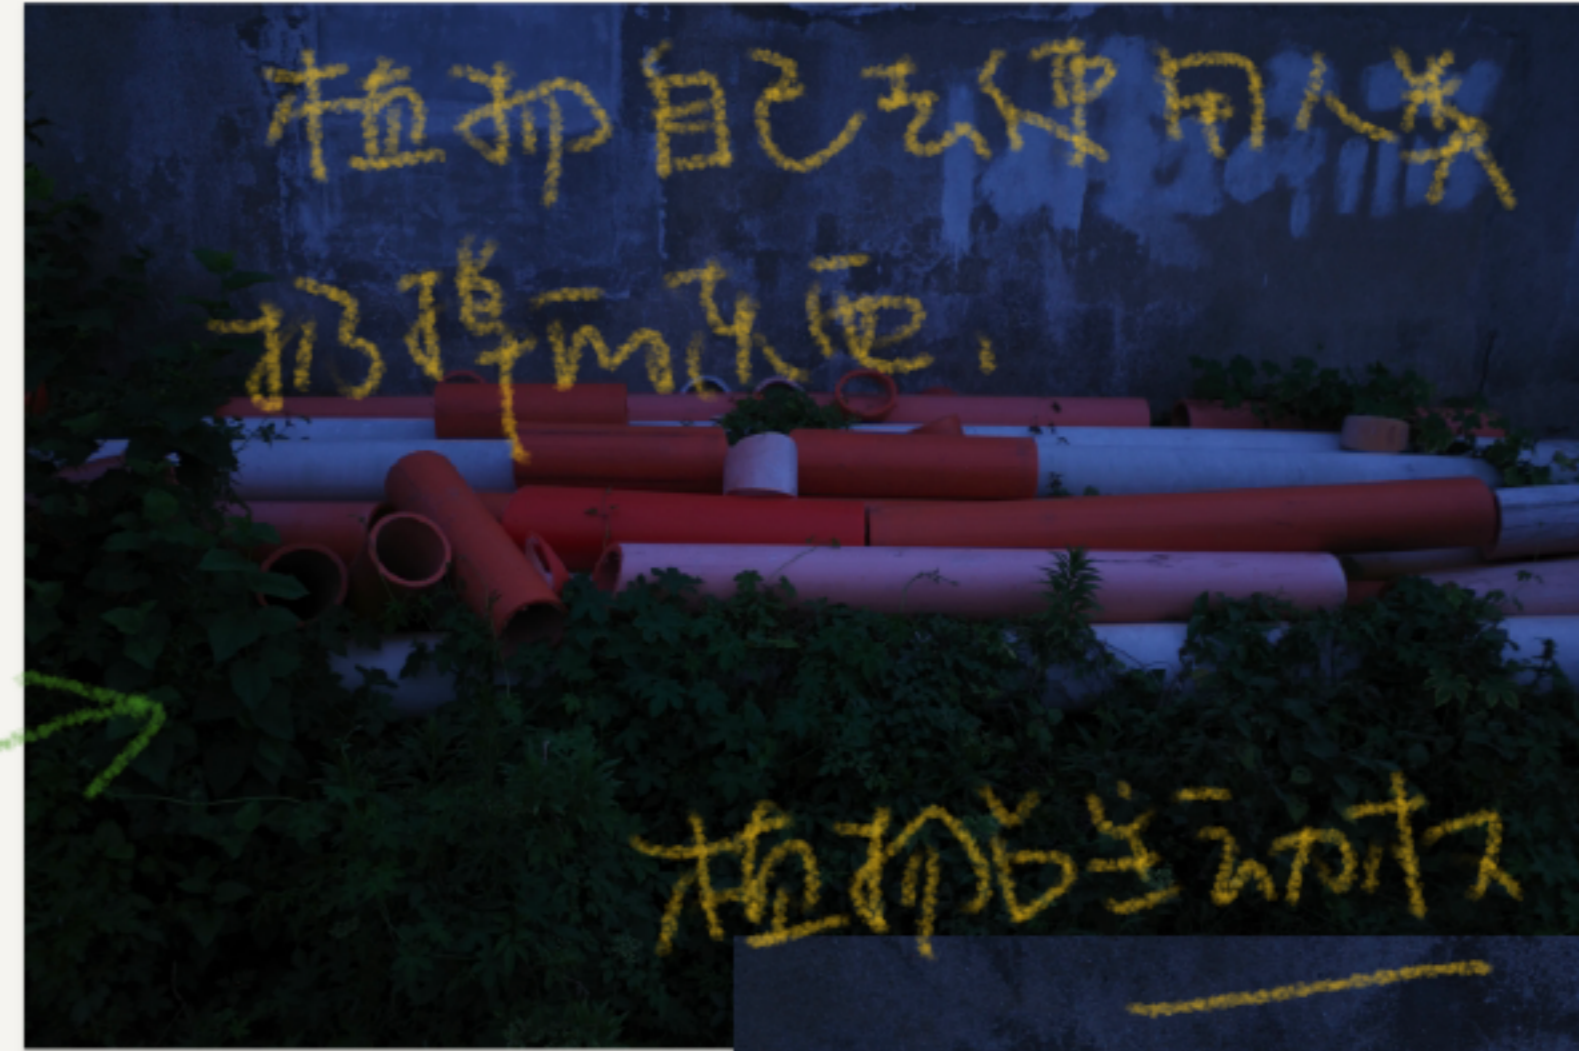

① Human built land

☆ Human try to use any kind of material to separate themselves from nature, but they'll never reach that goal.

Human Wastage → Habitat

Who Took the Action

Human want things be in control, except the waste.

So the power would be given back to other creatures

Interesting thing is that, on the other side of the road, the plants were carefully took care of, so there were no "weeds"

DAY 2

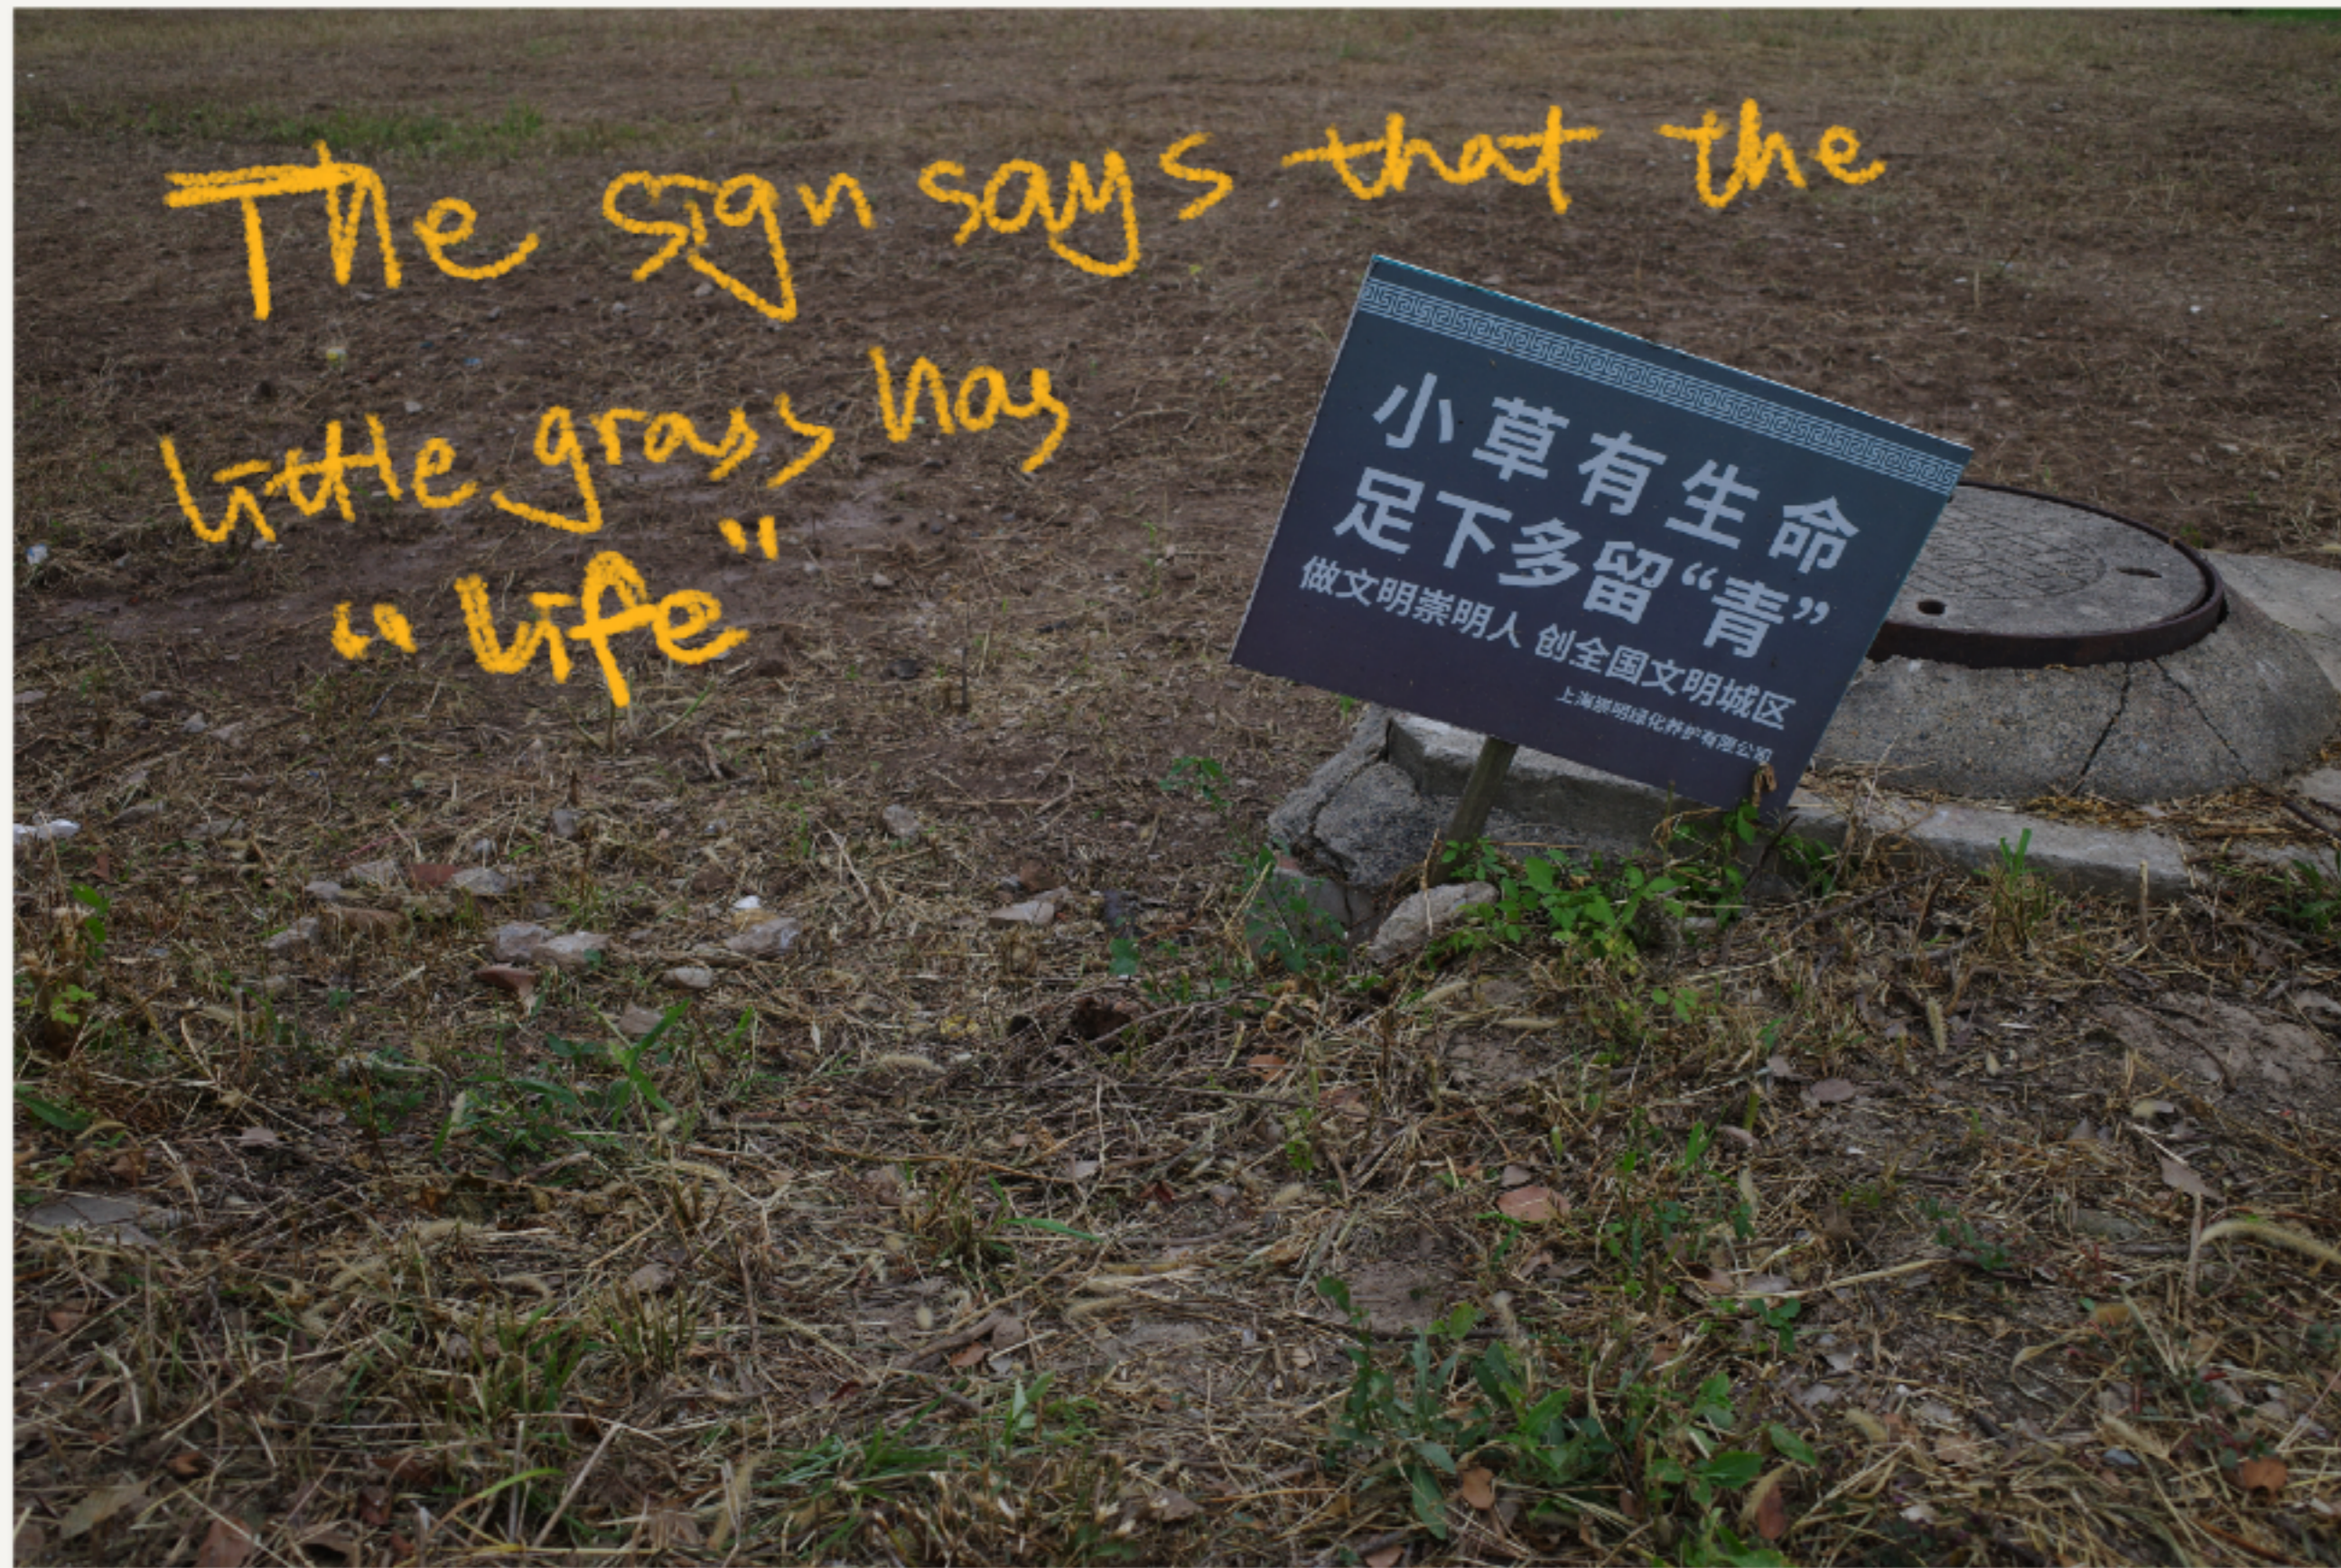

8/30

Park was boring..

Everything was "carefully" took care of as what human wants.

People's attitude ..

In the park P P P

Does people who writes the sign really care for the life of grass?

We can see these kind of sign everywhere, but I don't believe that's really done for grass.

It's for human, for the owner and manager of this field.

Meet the Spiders !!

Along the lake, I found many Cobweb.

Only big spider I saw there
