

My Journey

① Living nature

- Around / Under the well cover

- Living in all sorts of cracks

- All over the wall

- On plastic paper

- plants benefit from airconditioner's leaking

- Living with crashes

→ without tiling.
mosses grow.

→ no mosses

- be divided into grids

- mosses on roof

Conclude

This section is about vitality of nature.
Whatever environment they live in,
they can flourish.

② Man made creature

- covering up machine

- when there's messy

- fake leaves on wire

- when grass isn't growing well

use green cloth
to pretend
nature is here.

Conclude

Human use nature as makeup
for their city. Even the fake ones.
This is why it exists.

③ Expanding nature

trees grow in
houses which are about
to demolish

- Damaging man made creatures

Co-living with other creatures

Conclude

It's like the opposite side
of current situation.

Nature is expanding into the
human world.

④ Connections

- people collecting mountain water

- butterflies enjoying flower

- autumn comes

leaves falling! first few maple red.

- almost impossible to hide itself

- ants enjoying tree sap

- hunter eating its prey

spider webs

- Bited / Leaving a transparent film

- After a rain, the frog come out.

maybe to breath?
