

袁
GARDEN

生 GROW

盛 FLOWERING

平 BALANCE

破 BREAK

自然萬物有生存的平衡機制
人類與城市卻在無形中介入甚至干預天平各端
清巢、捕蠅、光源干擾……

蟲與花

依附或共生

無意中的破壞並非不可逆

請記得對自然付出努力

還萬物以平衡

Nature has its own balance
however, we are disturbing it more or less
Nest cleaning, fly trapping, light interference...

INSECTS & FLOWERS

Attachment or Symbiosis

Inadvertent damage is not irreversible

but please take care of nature

Return everything to its BALANCE
